Ontario Landform Regions and Land Uses

What I know / can do:

- I can label the 3 physical landform regions on a map of Ontario (Great Lakes / St. Lawrence Lowlands, Canadian Shield, Hudson Bay Lowlands)
- I can name and locate the 5 Great Lakes on a map of Ontario
- I know the province, country and town that I live in
- I know facts about each landform region. (eg. types of jobs/ industry, population, climate, plants and wildlife
- I can explain and give proof from my notes, why certain areas in Ontario are more or less desirable to live.
- I can name 4 things humans need to survive: clean air, food, shelter, water, space, sleep
- I can name and identify different types of land uses: Residential, Agriculture, Commercial, Recreational, Conservation, Industry.
- I can choose 1 type of land use and explain clearly why it is important to a community.
